Currently Learning

Prisma CI/CD

Experience

Leometric Technology

Pune, Maharashtra, India Full Time

Web Application Developer

- Developed a comprehensive customer portal webapp, integrating real-time data from multiple sensors, enhancing client data management.
- Engineered real-time data dashboards, added new features, refactored and maintained responsive components, ensuring scalability
- Collaborated with cross-functional teams to deliver 10+ feature releases and 120+ bug fixes within tight deadlines, ensuring timely product delivery and client satisfaction.
- Led code review processes, resulting in a 30% improvement in code quality and a 20% reduction in post-release defects

Infosys Ltd.

📍 Mysore, Karnataka, India 🕒 Full Time

System Engineer

- My role was to build responsive and visually appealing webpages, optimising it's performance and troubleshooting UI bugs.
- I worked with different UI designs and made different webapp from scratch. Learn front end technologies along the way.
